

# Office Supply Exchange

On April 18<sup>th</sup>, 2008, Georgia Tech's Earth Day hosted its 3<sup>rd</sup> Annual Office Supply Exchange!

Thanks to all of the departments that donated office supplies to our program. We saved the Georgia Tech community **\$28,107.69** by reusing what supplies that other people did not want or need anymore.

We collected over **2700 items** for our Earth Day participants to shop through, including **136 toner and printer cartridges**, **275 binders**, a giant paper cutter, and an infrared transparency maker!
